

SUMMARY

Johnston County Transportation Advisory Committee

June 25, 2009 – 1:00PM,
Land Use Center - Conference Room
Smithfield, North Carolina

Attendees:

- Scott Walston, NCDOT Planning Branch
- Sarah Ezzell, NCDOT Planning Branch
- Berry Gray, Johnston County
- Rich Cregar, Johnston County TAC
- Skip Browder, Town of Clayton
- Tooie Hales, Town of Kenly
- Daniel VanLiere, RPO
- Brian Rapp, Clayton News Star

Vision Statement

Mr. Cregar asked that the encouragement of sustainable technologies be added as a goal. Mr. Walston expressed concern with how it would be incorporated in the plan in that the plan does not usually go into that much detail. It was decided that DOT would look at the wording to see if it could be accommodated through some more general language.

Public Survey

Mr. Hales asked that #5 be expanded to allow more selection categories such as “maybe”. He also asked that the last question be adjusted to ask where people commute to. Mr. Van Liere stated that he could help by sending the surveys to the newspapers. The group agreed that the surveys would be sent to the towns for review before the next meeting and that the survey would start in August.

Roadways Map

The group reviewed the countywide map to see the identified routes for study.

Resolutions

The County Commissioners will review the resolution on July 6th with the other jurisdictions following suit. The week after, staff will contact the towns to schedule review of the resolution.

Next Meeting: July 23rd and August 27th at 1pm, Johnston County Land Use Center
